To,

**HIRING MANAGER,
ORGANIZATION.**

Dear Hiring Manager,

I am very pleased to learn that you are looking for an experienced, detailed -oriented, User Interface (UI) Developer. As you'll see, I have 7+ years of hands-on experience efficiently building next generation web applications using modern dev tools.

Building state-of-the-art, easy to use, user-friendly websites and applications is truly a passion of mine and I am confident I would be an excellent addition to your organization.

My greatest achievements include:

- Implemented new responsive, mobile-first approach which increased mobile traffic by a marginal difference.
- Raised user experience scores 45% using advanced web dev skills.
- Liaised with target customers to determine project scope and project timelines, which were rigorously adhered to without overspill.

Please find my resume attached if you'd like more details. I look forward to speaking with you during an interview. Please feel free to contact me at anytime during the day.

Thank you once again for your time and consideration. I look forward to hearing from you soon.

Best Regards,

Anshuman Singh
